

# MARIAN UNIVERSITY 2024 ANNUAL SECURITY AND FIRE SAFETY REPORT

## REPORT

The Clery Act requires universities and colleges to disclose campus crime statistics and security information. This act requires higher education institutions to give timely warnings of crimes that represent a threat to the safety of students or employees and to make public their campus security policies. It also requires that crime data is collected, reported, and disseminated to the campus community and the Department of Education. The act is intended to provide students and their families, as higher education consumers, with accurate, complete, and timely information about safety on campus so that they can make informed decisions. The Marian University Police Department and the Division of Student Success and Engagement are responsible for preparing this institutional report.

Investigations will typically be completed within 60 days; interim measures may be enacted, as needed, for the safety of the community. An investigator, note taker, and advocate(s) for complainant and respondent will be assigned upon receiving a report of alleged misconduct.
